

WALK & WORK TREADMILL DESK TR1200 DT3

WORK WHILE YOU WALK WITH THE VERY BEST TREADMILL TECHNOLOGY

The LifeSpan TreadMill Desk leverages 45 years of quality and biomechanics excellence from the industry- leaders at LifeSpan Fitness. Blending simple movement into the workday increases productivity, boosts metabolism and encourages healthy behavior, while preventing the risks of prolonged sitting.

Designed to complement the workplace in form and function, the TR1200 TreadMill Desk is equipped with a silent motor, speeds that are optimal for walking while working, and a sturdy design ideal for community or individual use.

KEY FEATURES

Productivity has never been exclusive to an assigned seat. Gone are the days of static, fixed workplaces. Employees are at their best when they are unchained from an allotted, stationary desk.

Unbridle your office space from archaic, stagnant philosophies by encouraging motion and independence in your communal areas.

TR1200 DT3 FEATURES

Designed for the office

Refined, contemporary design and long-lasting construction make the LifeSpan TR1200-DT3 the perfect addition to your office. Quiet operation lets you stay respectful of coworkers while you walk for miles each day without impacting productivity. High-quality components suppress mechanical noise and subdue vibration, keeping your focus on the task at hand.

Your Desk, Our Treadmill

The compact under-desk walking desk treadmill guarantees a perfect fit and easy placement under your standing desk for workplace fitness. Since the step-up height of the walking desk treadmill will take from the available height range of your standing desk, the low 4.6" height will help you get the optimal ergonomic position from your desk.

Legacy of Innovations

Business savvy and wellness ready, LifeSpan technologies are devoted to improving your experience. Onboard Intelli-Step technology detects each foot step taken, keeping you aware of your daily step count. The integrated Intelli-Guard safety feature ensures the treadmill only operates when you are actively walking supporting a safe work environment.
